The Temple Ner Tamid Short Story Group will hold its next virtual (Zoom) meeting of the year on **Thursday, November 19th at 1:00PM.** The short story we will be discussing is **"Defender of the Faith" by Philip Roth.** Some of you may recall that we read and discussed this short story five years ago (covid times) but many of our current attendees were not participating back then. Since many believe this is one of the best American Jewish short stories ever written, we thought we should revisit it.

Here is the link to read and/or download the story:
